Sherwood on the Crossroads Community
Lehigh, Florida

To whom it may concern:

I am writing this letter on behalf of Bill Perry and Bill Perry and Associates Security and Investigative Services.

As President of the Sherwood Homeowners Association, I hired Bill Perry to perform security services in our community. Utilizing motorized patrols of the streets of our community, Bill Perry and his security officers have kept our neighborhood and residents safe for the past three years. The Sherwood community is situated in Fort Myers and sits at the edge of Lehigh Acres where a high concentration of crime is the norm. Due to the efforts of Bill Perry and his security officers; our community has not seen a single home burglary or robbery during the three years that Bill Perry and his security officers have patrolled the streets of Sherwood.

As a retired law enforcement officer and someone who understands the meaning of omnipresence, I can truly say that Bill Perry and his security personnel also truly understand omnipresence and by doing so have kept those with criminal intent out of our community.

I would recommend Bill Perry to any organization who is seeking to upgrade their security. All of Bill Perry's security officers are carefully screened for honesty, integrity and drug tested prior to being hired.

If you should require any further information about Mr. Perry and his company, please do not hesitate to contact me at (239) 292-9372.

Sincerely,

Fidel Balan
Sherwood on the Crossroads Community
